Brand OVERVIEW

The ROYAL EXPERIENCE

As a brand rooted in Britain, re-imagined in the UAE with Arabian touches, and inspired by the timeless majesty of horses, Ramasat invites you to experience the essence of luxurious fragrances.

A sensory journey that is nothing short of majestic.

The Royal Experience.

The ROYAL SCENT REIMAGINED

The scent of Ramasat draws its elegance from the tradition of British perfumery, where subtlety, refinement, and timeless sophistication have long reigned supreme.

Rooted in this heritage, Ramasat builds upon the classic structures of British fragrances, light floral bouquets, crisp green notes, and a gentle whisper of woody sophistication.

The ROYAL SCENT REIMAGINED

But what truly sets Ramasat apart is its infusion of Arabian opulence - a bold and enchanting layer that transforms the familiar into something extraordinary.

The result is a scent profile that feels both regal and adventurous. It is a harmonious fusion: familiar enough to feel timeless but with an undeniable edge that only Arabia can bestow.

Ramasat is a story told through scent - a tale of cultural exchange, refinement, and boldness.
